

JAARVERSLAG 2015 ANNUAL REPORT

Die eerste gedeelte van hierdie jaar is gekenmerk deur beide positiewe en negatiewe aspekte wat nie noodwendig deel uitmaak van die normale verloop van 'n skooljaar en sy ervarings nie. Die nuwe Beheerliggaam van die skool is in Maart verkies en die entoesiasme en inisiatief van voorsitter Johan Koekemoer en sy span ouers het reeds positiewe dividende begin oplewer wat net tot positiewe voordeel van die skool en sy mense kan strek oor die langer termyn.

On the negative side we have started the school year with two of our beloved teachers facing challenges: Chanell Meijer was still in a coma after an accident in December and it was also clear that the cancer was lodging another attack on Theuns Swiegers. Chanell is in a process of recuperation, but we unfortunately had to say a final goodbye to mr. Swiegers at the beginning of April 2015.

Deur die volgehoue toewyding van die aktiwiteitshoofde en ander afrigters/betrokkenes by die verskillende skoolaksies het Hoërskool Sasolburg nie net daarin geslaag om sy standarde van die verlede te behou nie, maar ook daarop te verbeter in sommige gevalle. Hierdie realiteit moet nie sonder waardering en respek by u as luisteraar verbygaan nie, want hierdie positiewe tendens word nie oral aangetref in die tydvak waarin ons tans funksioneer nie.

Contrary to the idea covered in the media and by so-called experts, we have full confidence in the young people in our system, whether it be a young teacher, a learner in his final school year or the uncertain grade 8 learner who has joined the school at the beginning of the year. Our young people are tough and we are confident that we are preparing them for the realities of life through actions like this year's project of Random Acts of Kindness and dedicated actions aimed at sensitizing all the members of our school community to reach out to others and to put the principle of caring into practice.

We are looking forward to once again maintaining the school in all aspects in 2016 with the support of all stakeholders, while being deeply aware of the fact that we are human and will be needing the full quota of God's mercy and guidance.

KALOL MULLER
SKOOLHOOF/PRINCIPAL
